Internship Program

Internships at the Probation Department are unpaid positions providing students with practical experience in a law enforcement background. Our department offers internships to students as volunteers or for academic credit. Interning with the Probation Department will stand out on a student's resume and help with their job search after graduation. Participating interns gain on-the-job training that integrates education, career development and public service.

Mission and Vision

The Sacramento County Probation Department provides clients with the assessment, treatment, supervision and support necessary to prevent re-offending, resulting in a safer community. Our highly skilled, multi-disciplinary workforce uses innovative strategies to support positive change.
