SUCCESSFUL OUTCOMES

Integrating Resources for Justice Involved Individuals

The Joint Training Partnership is pleased to present the Third Annual Conference on Public Safety Realignment. This is the only statewide conference which brings together public safety, corrections, justice, policy and offender service agency executives to examine public safety and justice innovations in California counties.

The 2013 conference presents creative, collaborative and proven practices to integrate resources across the justice system – from the initial point of contact, to supervision, to custody, to reentry into the community. It affords Community Corrections Partnerships (CCP) the opportunity to re-think mechanisms for integrating resources to produce maximum public safety benefits for communities, taxpayers, victims and justice involved populations. Concrete strategies and tactics proven to work within California and nationally will be presented.
