#### Overview

On October 16, 2012 the Board of Supervisors accepted the AB 109 Public Safety Realignment Plan for Fiscal Year (FY) 2012-13, which included a \$200,000 appropriation to the County Executive Cabinet (CEO Cabinet) for the Community Corrections Partnership (CCP) Planning Allocation which is used to support CCP operations (Resolution Nos. 2012-0738, 2012-0739 and 2012-0740). The CCP will incur additional expenses by the end of this fiscal year by approximately \$96,000; therefore, an appropriation adjustment is needed to cover these expenses. The CCP Trust Fund has \$135,994 of Fiscal Year 2011-12 unspent CCP Planning Allocation carryover funds that have not been appropriated. The attached appropriation adjustment request will appropriate \$96,000 of CCP Trust Fund monies needed to finance the additional CCP costs.

#### Recommendation

Approve the attached Appropriation Adjustment Request (AAR) appropriating \$96,000 of CCP Trust Fund monies for CCP operational expenses.

The original \$200,000 appropriated to the CEO Cabinet was placed in one Services and Supplies account until it was determined in which of the accounts the costs would be expended. The attached AAR also includes the shift of \$112,000 to the appropriate budgetary accounts where the funds will be expended.

#### Measures/Evaluation

These expenses are necessary for CCP operational support in order to meet the needs of the CCP and its statutory obligations.

#### Fiscal Impact

Approval of this recommendation will provide the appropriations needed to cover the CCP costs that will be incurred by the end of Fiscal Year 2012-13.

#### **BACKGROUND**

Chaptered in 2011, AB 109 and AB 117, as amended, shifted the responsibility for managing offenders from the State to Counties. This public safety realignment was effective October 1, 2011. As part of public safety realignment funding from the State of California, the State provided planning allocations to counties to provide support for CCP operations during the implementation. For Sacramento County, a \$200,000 allocation was received in FY 2011-12 and an additional \$200,000 was received in FY 2012-13. The money was placed in the Community Corrections Trust Account and disbursed to County departments based on CCP approved expenses through a claiming process. No monies have been disbursed for FY 2012-13 however expenses are being tracked for reimbursement prior to year end.

#### **DISCUSSION**

The Community Corrections Trust Fund has a balance of \$335,994 for planning funds. This is comprised of \$200,000 FY 2012-13 Planning Allocation funds received from the State and \$135,994 of unspent FY 2011-12 Planning Allocation funds. On October 16, 2012, the Board of Supervisors appropriated the County's FY 2012-13 CCP Planning Allocation of \$200,000 to the CEO Cabinet. The FY 2011-12 unspent CCP Planning Allocation carryover funds (\$135,994) were not appropriated at that time.

The October 16, 2012 board report from the CCP identified the following \$271,077 of CCP planning/operational expenses:

\$80,262	Salary and benefits for CCP Staff
\$8,815	County Counsel services
\$25,000	Contracted Criminal Justice Consultant
\$3,000	Office Supplies
\$120,000	Sheriff and Probation IT staff to create automated reports on AB 109 offenders
\$34,000	Purchase of crime analysis software for the Sheriff and Probation Departments

Additional expenses identified since that time include:

\$750	Training
\$20,000	Increase for the contracted consultant
\$4,000	Public notice advertising

Overall, the total year-end expenses for FY 2012-13 are projected to be about \$296,000. Only \$200,000 was appropriated to the CEO Cabinet's FY 2012-13 Budget; therefore, an increase in appropriations in the amount of \$96,000 is needed to cover the identified expenses that will be incurred by the end FY 2012-13. Any unused funds will remain in the Community Corrections Trust Fund as contingency and will carryover for use in FY 2013-14.

The original \$200,000 appropriated to the CEO Cabinet was placed in one Services and Supplies account until it was determined in which of the accounts the costs would be expended. The attached appropriation adjustment request also includes the shift of \$112,000 to the appropriate budgetary accounts were the funds will be expended.

#### **MEASURES/EVALUATION**

These expenses are necessary for CCP operational support in order to meet the needs of the CCP and its statutory obligations.

#### **FINANCIAL ANALYSIS**

Approval of this recommendation will utilize the CCP Planning Allocation funds for CCP operations. These expenditures will have no General Fund cost.

**Subject:** Agenda Item #7, June 18

Dear Board Members,

A Board member asked if the \$120,000 used for Sheriff and Probation IT staff to create automated reports on AB 109 offenders and the \$34,000 for the purchase of crime analysis software are one-time costs or on-going costs.

The Community Corrections Partnership Plan approved by the Board on October 16, 2012 identified these costs as follows:

\$100,000 – one-time costs for Sheriff and Probation IT staff to develop the data report programming (\$50,000 each department)

- \$ 20,000 on-going costs for Sheriff and Probation to produce the reports (\$10,000 each department)
- \$ 34,000 one-time purchase of equipment and crime analysis software for Sheriff and Probation
