

**Youth Detention Facility  
FIRE SUPPRESSION PRE-PLAN**

The Youth Detention Facility has developed a Fire Suppression Pre-Plan in cooperation with the local fire department. This plan consists of:

1. Station 62 responding to the emergency.
2. Fire and ambulance will enter through the police gate on the southwest side of the facility.
3. The Watch Commander or Duty Supervisor will brief fire crews regarding the emergency at the police gate prior to entering the facility.
4. The Fire Captain will plan out a strategy and determine a point of entry into the facility with the assistance of Probation Staff.
