

Enhanced Care Management (ECM) Member Referral Form

Enhanced Care Management (ECM) is a Medi-Cal benefit that provides comprehensive care management services to Medi-Cal members with complex health and/or social needs who meet the eligibility criteria, part of the DHCS CalAIM initiative.

Members participating in ECM will primarily receive in-person care management services, provided in the member's community, by contracted ECM Provider agencies who serve the member's specific Population of Focus (PoF). ECM will coordinate all care for the highest-risk members with complex medical and social needs, including across the physical and behavioral health delivery systems, while also addressing social determinants of health.

To be eligible for ECM, members must be enrolled in Medi-Cal Managed Care with Molina, meet criteria for one or more of the identified ECM PoFs, and must not be enrolled in exclusionary programs or receiving duplicative services.

Please complete the **ECM Member Referral Form** and submit via secure email to the Molina ECM team: MHC_ECM@molinahealthcare.com with "ECM Referral" as the subject line.

- To expedite the review and approval process, *please also submit applicable supporting documentation as evidence of the member meeting ECM criteria.*
- The Molina ECM team will review to verify the member's eligibility and respond within **one week** of receipt of the request.
