Sacramento Regional Family Justice Center

10th Annual Celebration of HOPE

On Friday, September 5, 2025, members of the Sacramento County Probation Department's Domestic Violence Unit, along with Chief Rowe, attended the 10th Annual Celebration of HOPE hosted by the Sacramento Regional Family Justice Center (FJC). Their presence highlighted the department's ongoing commitment to supporting victims of domestic violence, elder abuse, human trafficking, sexual assault, and child abuse.

The FJC provides a wide range of services all in one location. This allows victims to only have to tell their story once to receive the support they need to move from danger and trauma to safety and hope. Collaboration among public and private agencies, law enforcement, and community partners is central to this mission, ensuring resources complement rather than compete with each other.

Recovery Treatment Court

On September 3, 2025, Officers and clients from the collaborative Recovery Treatment Court (RTC), alongside our partner Bridges Professional Treatment Services, participated in the 33rd Annual "Recovery Happens" rally at the State Capitol. This event celebrates the strength, resilience, and hope of individuals on the path to recovery while providing an opportunity to learn about vital resources and programs.

The RTC clients gained firsthand insight into residential and outpatient treatment services, sober living environments, mobile harm reduction programs, and state policy initiatives that impact the recovery community. Several California State Legislators attended, offering a chance to engage with the people shaping policies that support long-term sobriety.

The celebration included a recovery walk, live music, awards, inspiring speakers sharing their lived experiences, and a community meal. These experiences allowed clients to see the tangible support available to them and feel the encouragement of a broader, thriving recovery community.

Participating in "Recovery Happens" shows our clients they are not alone. They witnessed a community that uplifts and empowers one another, learned about services that can assist them on their journey, and connected with people who can support them for the long term. For many, this event served as a reminder that recovery is not just a personal journey—it is a shared, celebrated, and supported path.

Through events like this, the Recovery Treatment Court reinforces its commitment to guiding clients toward lasting sobriety while building meaningful connections with the recovery community and our treatment partners. Every step clients take is supported, celebrated, and strengthened by the collective effort of those who believe in the power of recovery.

Celebrating Success

ADRC Graduations

Surrounded by family, and staff, these clients reached an incredible milestone in their journey toward positive change.

The ADRC program provides comprehensive, life-changing support, including cognitive behavioral therapy, substance use treatment, educational and vocational training, housing assistance, pro-social activities, family support, and opportunities to give back through our Community Outreach Program.

The graduates have shown outstanding resilience, commitment, and growth. These milestones reflect the department's ongoing commitment to rehabilitation, accountability, and community safety.

Congratulations to the ADRC program graduates!
